# Programme specificities

---

- The INTERREG V-A Italy-Malta 2014-2020 Programme, approved by the European Commission Implementing Decision C (2015) 7046 final of 12 October 2015, is part of the "European Territorial Cooperation" objective of the European Union's Cohesion Policy.
- The Programme has a total budget of 51,708,438euros and covers the entire Sicilian territory and the entire Maltese territory, involving a total population of about 5.4 million inhabitants.
- The main objective of the PC is to promote the integrated development of Sicily and Malta, acting on three main areas of intervention:
  - sustainable and intelligent growth through research and innovation;
  - the competitiveness of the cross-border area,
  - the protection of the environment and the efficient use of resources.
